

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dimitrios Bousis  
DOCKET NO.: 18-27092.001-R-1  
PARCEL NO.: 04-18-404-019-0000

The parties of record before the Property Tax Appeal Board are Dimitrios Bousis, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 25,292  
**IMPR.:** \$ 95,108  
**TOTAL:** \$120,400

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry construction with 6,880 square feet of living area. The dwelling is 25 years old. The property has a 24,088 square foot site and is located in Northfield Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and overvaluation as the bases of the appeal. In support of the equity argument, the appellant submitted information on seven equity comparables. The comparables ranged in improvement assessment per square foot from \$11.54 to \$19.84.

In support of the overvaluation argument, the appellant submitted sales data for four suggested comparables. The comparables ranged in sale date from February 2017 to March 2018 and in sale price per square foot, including land, from \$119.80 to \$178.77.

The board of review submitted its "Board of Review-Notes on Appeal" disclosing the total assessment for the subject of \$149,476. The subject property has an improvement assessment of \$124,184, or \$18.05 per square foot of living area. The subject's assessment reflects a market value of \$1,494,760, or \$217.26 per square foot of living area, including land, when applying the assessment level of 10% as established by the Cook County Real Property Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on seven equity comparables. They ranged in improvement assessment per square foot from \$19.07 to \$25.87. The Board also submitted four sale comparables that ranged in sale price per square foot, including land, from \$271.42 to \$465.16. These sales sold from April 2015 through August 2016.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparable(s) #2, #3, #4, #5, #7 and #8, as well as the board of review's comparable(s) #1. These comparables had improvement assessments that ranged from \$11.93 to \$21.15 per square foot of living area. The subject's assessment of \$18.05 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed, and a reduction in the subject's assessment is not justified on this basis.

The appellant also contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appellant's comparables #2 through #4. These comparables sold for prices ranging from \$119.80 to \$178.77 per square foot of living area, including land. The subject's assessment reflects a market value of \$217.26 per square foot of living area, including land, which is above the range established by the best comparable sales

in this record. Based on this evidence the Board finds a reduction in the subject's assessment is justified based on overvaluation.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
