

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Fosnaugh
DOCKET NO.: 18-28612.001-R-1
PARCEL NO.: 14-20-113-004-0000

The parties of record before the Property Tax Appeal Board are Michael Fosnaugh, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,680
IMPR.: \$180,320
TOTAL: \$200,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story dwelling of masonry exterior construction with 3,966 square feet of living area. The dwelling is 10 years old. Features of the home include a full finished basement, central air conditioning, four fireplaces and a 2.5-car garage. The property has a 3,075 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-08 dwellings of masonry exterior construction ranging in size from 3,840 to 4,890 square feet of living area. The dwellings range in age from 11 to 13

years old. The comparables have full finished basements, central air conditioning, one or two fireplaces, and either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$160,220 to \$205,744 or from \$41.72 to \$42.07 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$166,413 or \$41.96 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$200,000. The subject property has an improvement assessment of \$180,320 or \$45.47 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-06, two-story dwellings of masonry exterior construction ranging in size from 3,806 to 4,449 square feet of living area. The dwellings range in age from 4 to 10 years old. The comparables have full finished basements, central air conditioning, two to four fireplaces, and from a 2-car to a 3-car garage. The comparables have improvement assessments ranging from \$173,296 to \$241,120 or from \$45.53 to \$55.60 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #4 due to its larger dwelling size when compared to the subject dwelling. Additionally, less weight is also given by the Board to the board of review comparable #1 as its assessment appears to be an outlier relative to the other comparables in the record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables have varying degrees of similarity to the subject in age, dwelling size, and features. These comparables have improvement assessments ranging from \$160,220 to \$203,453 or from \$41.72 to \$45.73 per square foot of living area. The subject's improvement assessment of \$180,320 or \$45.47 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
