

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bill Waltuch
DOCKET NO.: 18-28622.001-R-1
PARCEL NO.: 14-30-110-011-0000

The parties of record before the Property Tax Appeal Board are Bill Waltuch, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,880
IMPR.: \$58,175
TOTAL: \$73,055

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 1,916 square feet of living area. The dwelling is approximately 97 years old. Features include a full unfinished basement, central air conditioning, and a two-car garage. The property has a 3,100 square foot site and is located in Chicago, Lake View Township, Cook County. The subject dwelling is classified as a Class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-05 dwellings of frame exterior construction ranging in size from 1,540 to 1,916 square feet of living area. The dwellings range in age from 120 to 127

years old and have full unfinished basements. Each comparable has a two-car garage. The comparables have improvement assessments ranging from \$41,102 to \$50,884 or from \$26.56 to \$27.65 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$51,675 or \$26.97 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,055. The subject property has an improvement assessment of \$58,175 or \$30.36 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, two of which are located within the same neighborhood code as the subject property. The comparables are improved with class 2-05, two-story dwellings of frame exterior construction ranging in size from 1,624 to 1,940 square feet of living area. The dwellings range in age from 110 to 130 years old. Three comparables have partial or full basements with two having finished area, and one comparable has a crawl space foundation. Three comparables each have central air conditioning. Each comparable has a two-car garage. The comparables have improvement assessments ranging from \$51,286 to \$72,598 or from \$31.58 to \$38.01 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #3 due to their smaller dwelling sizes and the board of review comparables #3 and #4 due to their dissimilar neighborhood codes and/or foundation when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are located within the same neighborhood code as the subject and are similar to the subject in dwelling size, foundation, and other features. These comparables have improvement assessments ranging from \$50,884 to \$63,295 or from \$26.56 to \$32.63 per square foot of living area. The subject's improvement assessment of \$58,175 or \$30.36 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
