

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Julie Ann Shabi
DOCKET NO.: 18-28623.001-R-1
PARCEL NO.: 14-28-317-055-0000

The parties of record before the Property Tax Appeal Board are Julie Ann Shabi, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,148
IMPR.: \$71,358
TOTAL: \$97,506

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story townhome of masonry exterior construction with 2,100 square feet of living area. The dwelling is approximately 130 years old. Features of the home include a concrete slab foundation, two fireplaces, and a two-car garage. The property has a 2,179 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-10 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-10 townhomes of masonry exterior construction ranging in size from 1,272 to 2,290 square feet of living area. The townhomes are either 64 or

130 years old and have full basements with one having finished area. Two comparables each have central air conditioning and a fireplace. The comparables have improvement assessments ranging from \$28,063 to \$70,123 or from \$21.99 to \$30.62 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$52,500 or \$25.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$97,506. The subject property has an improvement assessment of \$71,358 or \$33.98 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code and the same block as the subject property. The comparables are improved with class 2-10, two-story townhomes of masonry exterior construction of 2,112 or 2,328 square feet of living area. The townhomes are either 125 or 130 years old and have full unfinished basements. Two comparables each have central air conditioning. Two comparable have either one or three fireplaces. Three comparables each have from a one-car to a two-car garage. The comparables have improvement assessments ranging from \$73,772 to \$80,642 or from \$34.64 to \$37.46 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration, which have full basements, unlike the subject which lacks a basement. The Board gives reduced weight to the appellant's comparables as well as the board of review comparable #4 which also differ from the subject in age, dwelling size, and/or lack of garages when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1 through #3. These comparables are most similar to the subject in location, dwelling size, age, and some features. The comparables have improvement assessments ranging from \$73,772 to \$79,109 or from \$34.93 to \$37.46 per square foot of living area. The subject's improvement assessment of \$71,358 or \$33.98 per square foot of living area falls below the most similar comparables in this record which is reasonable considering the subject lacks a basement. After considering adjustments to the comparables for differences when compared to the subject, such as basements and/or other amenities, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
