

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Avi Ron
DOCKET NO.: 18-28633.001-R-1
PARCEL NO.: 14-30-209-014-0000

The parties of record before the Property Tax Appeal Board are Avi Ron, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,500
IMPR.: \$40,237
TOTAL: \$57,737

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story, multi-family building of frame and masonry exterior construction with 2,466 square feet of building area. The building is approximately 125 years old. Features of the building include a concrete slab foundation, central air conditioning, and a two-car garage. The property has a 3,125 square foot site located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-11, multi-family buildings of frame or frame and masonry exterior construction ranging in size from 2,652 to 3,074 square feet of building area.

The buildings range in age from 120 to 128 years old and have full basements with two comparables having apartments. Two comparables each have a two-car garage. The comparables have improvement assessments ranging from \$35,112 to \$46,575 or from \$13.24 to \$15.15 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$34,894 or \$14.15 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$57,737. The subject property has an improvement assessment of \$40,237 or \$16.32 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-11, multi-family buildings of frame, masonry or frame and masonry exterior construction ranging in size from 2,350 to 2,526 square feet of building area. The buildings range in age from 94 to 140 years old. One comparable has a concrete slab foundation, and three comparables each have full basements with two comparables having apartments. Three comparables each have a two-car garage. The comparables have improvement assessments ranging from \$42,499 to \$58,423 or from \$17.82 to \$23.17 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board recognizes that board of review comparable #1 is the only comparable in this record that lacks a basement like the subject. The Board gives less weight to the appellant's comparables #2 and #3 due to their larger building sizes and to board of review comparable #3 due to the building's newer age when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are similar to the subject property in location, class code, age, building size, and/or features. The comparables have improvement assessments ranging from \$35,112 to \$45,881 or from \$13.24 to \$19.29 per square foot of building area. The subject's improvement assessment of \$40,237 or \$16.32 per square foot of building area falls within the range of the most similar comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
