

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Friedman  
DOCKET NO.: 18-28641.001-R-1  
PARCEL NO.: 14-30-109-004-0000

The parties of record before the Property Tax Appeal Board are Richard Friedman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$15,000  
**IMPR.:** \$65,106  
**TOTAL:** \$80,106

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.5-story dwelling of frame exterior construction with 2,192 square feet of living area. The dwelling is approximately 126 years old. Features include a full finished basement, central air conditioning, and a two-car garage. The property has a 3,125 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within a different neighborhood code than the subject property. The comparables are improved with class 2-04 dwellings of frame exterior construction ranging in size from 1,854 to 1,938 square feet of living area. The dwellings range in age from 106 to

115 years old. The comparables have full unfinished basements, central air conditioning, and a two-car garage. One comparable has two fireplaces. The comparables have improvement assessments ranging from \$49,596 to \$52,992 or from \$26.75 to \$27.58 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be changed to \$59,688 or \$27.23 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$80,106. The subject property has an improvement assessment of \$65,106 or \$29.70 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within a different neighborhood code than the subject property. The comparables are improved with class 2-04, 1.5-story dwellings of frame exterior construction ranging in size from 1,807 to 1,942 square feet of living area. The dwellings are either 125 or 130 years old. The comparables have full basements with one having finished area, central air conditioning, and a two-car garage. Two comparables each have a fireplace. The comparables have improvement assessments ranging from \$66,898 to \$76,150 or from \$36.00 to \$39.21 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration with present varying degrees of similarity to the subject in dwelling size, age, and/or other features. These comparables have improvement assessments ranging from \$49,596 to \$76,150 or \$26.75 to \$39.21 per square foot of living area. The subject's improvement assessment of \$65,106 or \$29.70 per square foot of living area falls within the range established by the comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, such as their smaller dwelling sizes and/or unfinished basements, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
