

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Larry Boehlke
DOCKET NO.: 18-28647.001-R-1
PARCEL NO.: 14-05-302-027-0000

The parties of record before the Property Tax Appeal Board are Larry Boehlke, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,623
IMPR.: \$60,569
TOTAL: \$80,192

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story building of masonry exterior construction with 6,345 square feet of building area. The building is 106 years old. Features include a full basement with an apartment and a two-car garage. The property has a 4,266 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-11 buildings of masonry exterior construction ranging in size from 7,947 to 12,510 square feet of building area. The buildings range in age from 103 to 108 years old and have full unfinished basements. The comparables have improvement

assessments ranging from \$61,680 to \$107,277 or from \$7.76 to \$8.58 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$52,537 or \$8.28 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$80,192. The subject property has an improvement assessment of \$60,569 or \$9.55 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code and the same block as the subject property. The comparables are improved with class 2-11, two-story or three-story buildings of masonry exterior construction ranging in size from 2,152 to 5,028 square feet of building area. The buildings range in age from 92 to 108 years old. The comparables have full unfinished basements and either a two or a three-car garage. One comparable has two fireplaces. The comparables have improvement assessments ranging from \$36,400 to \$63,492 or from \$11.22 to \$16.91 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds neither party submitted comparables truly similar to the subject. The comparables submitted by both parties are dissimilar to the subject in building size, design, and/or lack of garages. Nevertheless, these comparables have improvement assessments ranging from \$7.76 to \$16.91 per square foot of building area. The subject's improvement assessment of \$9.55 per square foot of building area falls within the range of the parties' comparables in this record. Based on this record and after considering differences between the comparables and the subject in dwelling size and features, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
