

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brandon Vahl
DOCKET NO.: 18-28666.001-R-1
PARCEL NO.: 14-18-312-002-0000

The parties of record before the Property Tax Appeal Board are Brandon Vahl, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,760
IMPR.: \$50,552
TOTAL: \$65,312

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,398 square feet of living area. The dwelling is 115 years old, has a full unfinished basement, central air conditioning, and a 2-car garage. The property has a 3,075 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of frame exterior construction ranging in size from 1,288 to 1,800 square feet of living area. The dwellings range in age from 112 to 138 years old. Each comparable has a full unfinished basement and either a 2-car or a 2.5-car garage.

Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$40,587 to \$56,620 or from \$24.86 to \$32.44 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$42,220 or \$30.20 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$65,312. The subject property has an improvement assessment of \$50,552 or \$36.16 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-03, 1.5-story dwellings of frame exterior construction ranging in size from 1,270 to 1,799 square feet of living area. The dwellings are either 110 or 115 years old and have full basements with three having finished area. Each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$47,242 to \$70,349 or from \$37.20 to \$39.90 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3 and the board of review comparables #1 through #3 due to their larger dwelling sizes and/or finished basements when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables as they are closer in dwelling size to the subject and are also most similar in overall property characteristics to the subject. The comparables have improvement assessments ranging from \$40,587 to \$64,076 or from \$31.51 to \$39.90 per square foot of living area. The subject's improvement assessment of \$50,552 or \$36.16 per square foot of living area falls within the range established by the most similar comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
