

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Kimura
DOCKET NO.: 18-28676.001-R-1
PARCEL NO.: 14-08-117-037-0000

The parties of record before the Property Tax Appeal Board are George Kimura, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds *No Change* in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,375
IMPR.: \$38,698
TOTAL: \$53,073

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, multi-family building of masonry exterior construction with 2,468 square feet of building area. The building is approximately 114 years old. Features of the building include a full unfinished basement and a 2-car garage. The property has a 3,125 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-11 buildings of masonry exterior construction ranging in size from 2,762 to 3,270 square feet of building area. The buildings range in age from

109 to 115 years old. The comparables have full unfinished basements and a 2-car garage. The comparables have improvement assessments ranging from \$34,873 to \$41,610 or from \$11.57 to \$12.72 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$30,579 or \$12.39 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$53,073. The subject property has an improvement assessment of \$38,698 or \$15.68 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code and the same block as the subject property. The comparables are improved with class 2-11, two-story, multi-family buildings of masonry exterior construction ranging in size from 1,990 to 2,742 square feet of building area. The buildings are 108 or 120 years old and have full basements with two comparables having finished area. One comparable has central air conditioning. The comparables have either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$35,820 to \$46,525 or from \$16.77 to \$18.00 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #4 due to their significantly larger building sizes when compared to the subject. The Board also gives less weight to the board of review comparables #1 and #3 due to their full finished basements when compared to the subject which has a full unfinished basement.

The Board finds the best evidence of assessment equity to be both parties' remaining comparables. These comparables are similar to the subject in age and building size with varying degrees of similarity in features. These comparables have improvement assessments ranging from \$34,873 to \$46,525 or from \$12.63 to \$16.97 per square foot of building area. The subject's improvement assessment of \$38,698 or \$15.68 per square foot of building area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
