

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bridget Reyes
DOCKET NO.: 18-28685.001-R-1
PARCEL NO.: 14-05-113-013-0000

The parties of record before the Property Tax Appeal Board are Bridget Reyes, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,906
IMPR.: \$32,230
TOTAL: \$48,136

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, multi-family building of masonry exterior construction with 2,562 square feet of building area. The building is approximately 115 years old. Features of the building include a full unfinished basement and a 1-car garage. The property has a 3,458 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-11 buildings of masonry exterior construction ranging in size from 5,196 to 6,462 square feet of building area. The buildings range in age from

108 to 117 years old. The comparables have full unfinished basements and 2-car garages. The comparables have improvement assessments ranging from \$50,102 to \$59,483 or from \$9.21 to \$9.96 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$24,698 or \$9.64 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$48,136. The subject property has an improvement assessment of \$32,320 or \$12.58 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code and the same block as the subject property. The comparables are improved with class 2-11, two-story, multi-family buildings of masonry exterior construction ranging in size from 2,536 to 2,956 square feet of building area. The buildings are either 110 or 115 years old. The comparables have full basements with one comparable having an apartment. The comparables have either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$35,807 to \$43,990 or from \$12.63 to \$16.41 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their significantly larger building sizes when compared to the subject. The Board also gives less weight to the board of review comparable #3 due to its basement apartment when compared to the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be the board of review's remaining comparables. These comparables are identical or relatively similar to the subject in most property characteristics. These comparables have improvement assessments ranging from \$35,807 to \$41,616 or from \$12.63 to \$16.41 per square foot of building area. The subject's improvement assessment of \$32,320 or \$12.58 per square foot of building area falls below the range established by the best comparables in this record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
