

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Liza McElroy  
DOCKET NO.: 18-28691.001-R-1  
PARCEL NO.: 14-07-110-011-0000

The parties of record before the Property Tax Appeal Board are Liza McElroy, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$15,750  
**IMPR.:** \$34,034  
**TOTAL:** \$49,784

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,331 square feet of living area. The dwelling is 108 years old. Features of the home include a full unfinished basement and a 2-car garage. The property has a 3,750 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of frame exterior construction ranging in size from 1,193 to 1,739 square feet of living area. The dwellings range in age from 115 to 125 years old and have full basements with one comparable having finished area. Two comparables

each have central air conditioning. Each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$23,752 to \$40,738 or \$19.91 and \$23.68 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$28,177 or \$21.17 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$49,784. The subject property has an improvement assessment of \$34,034 or \$25.57 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code, block, and street as the subject. The comparables are improved with class 2-03, 1.5-story dwellings of frame exterior construction ranging in size from 1,097 to 1,654 square feet of living area. The dwellings are each 108 years old and have full basements with one comparable having finished area. Two comparables each have central air conditioning. Each comparable has a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$35,148 to \$46,637 or from \$28.06 to \$32.31 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as well as the board of review comparables #3 and #4 due to their dissimilar dwelling sizes and/or finished basements when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1 and #2. These comparables are located on the same block and street as the subject and are identical or nearly identical to the subject in design, age, dwelling size, full unfinished basement, and some features. These two comparables have improvement assessments of \$41,645 and \$37,741 or \$32.31 and \$28.06 per square foot of living area, respectively. The subject's improvement assessment of \$34,034 or \$25.57 per square foot of living area falls below the two best comparables in this record. After considering adjustments to the comparables for differences to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
