

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nancy Moradi  
DOCKET NO.: 18-28693.001-R-1  
PARCEL NO.: 14-19-207-031-0000

The parties of record before the Property Tax Appeal Board are Nancy Moradi, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$32,127  
**IMPR.:** \$66,907  
**TOTAL:** \$99,034

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a three-story multi-family dwelling of masonry exterior construction with 4,311 square feet of living area. The dwelling is approximately 110 years old. Features include a full unfinished basement and a 3-car garage. The property has a 5,737 square foot site located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with similar class 2-11 multi-family dwellings of masonry exterior construction ranging in size from 3,892 to 5,040 square feet of living area. The dwellings range in age from 100 to 110 years old. The comparables have improvement assessments ranging from

\$50,817 to \$70,287 or from \$13.06 to \$14.10 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$59,061 or \$13.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$99,034. The subject property has an improvement assessment of \$66,907 or \$15.52 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables, two of which are located within a different neighborhood code than the subject property. The comparables are improved with three-story class 2-11 multi-family dwellings of frame or masonry exterior construction ranging in size from 4,245 to 4,730 square feet of living area. The dwellings range in age from 106 to 121 years old. Two comparables each have a full basement, one of which has finished area, and one comparable has a crawl space foundation. One comparable has central air conditioning. Each comparable has a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$71,590 to \$93,597 or from \$16.53 to \$22.05 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3 and the board of review's comparables #2 and #3 due to the lack of a garage, dissimilar locations and/or dissimilar foundation types when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #2 and the board of review's comparable #1 as they are most similar to the subject in location, design and/or class, exterior construction, age, dwelling size, basement and most features. These comparables have improvement assessments of \$70,287 and \$71,590 or \$13.95 and \$16.55 per square foot of living area, respectively. The subject's improvement assessment of \$66,907 or \$15.53 per square foot of living area falls below the improvement assessments of the two best comparables in this record on an overall improvement assessment basis and is bracketed by their improvement assessments on a per square foot basis. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
