

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Carter Korey
DOCKET NO.: 18-28698.001-R-1
PARCEL NO.: 14-29-207-024-0000

The parties of record before the Property Tax Appeal Board are Carter Korey, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,570
IMPR.: \$47,862
TOTAL: \$68,432

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, multi-family building of frame and masonry exterior construction with 2,659 square feet of building area. The building is approximately 35 years old and has a partial basement with an apartment. Features include central air conditioning, one fireplace, and a two-car garage. The property has a 3,025 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-11 buildings of masonry exterior construction ranging in size from 3,360 to 4,796 square feet of building area. The buildings range in age from

105 to 125 years old. The comparables have full basements with two comparables having apartments. Each comparable has a two-car garage. The comparables have improvement assessments ranging from \$51,851 to \$78,788 or from \$15.43 to \$16.43 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$42,996 or \$16.17 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,432. The subject property has an improvement assessment of \$47,862 or \$18.00 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code and the same block as the subject property. The comparables are improved with class 2-11, two-story, multi-family buildings of frame exterior construction ranging in size from 2,420 to 2,997 square feet of building area. The buildings range in age from 126 to 140 years old. One comparable has a concrete slab foundation, and three comparables each have a full basement with two comparables having finished area or an apartment. One comparable has central air conditioning. One comparable has one fireplace. Three comparables each have a two-car garage. The comparables have improvement assessments ranging from \$52,659 to \$55,651 or from \$18.57 to \$22.18 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds neither party submitted comparables truly similar to the subject due to their considerably older ages and/or larger building sizes. Nevertheless, these comparables have improvement assessments ranging from \$15.43 to \$22.18 per square foot of building area. The subject's improvement assessment of \$18.00 per square foot of building area falls within the range established by the comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
