

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Janet Kritek
DOCKET NO.: 18-28700.001-R-1
PARCEL NO.: 14-19-122-026-0000

The parties of record before the Property Tax Appeal Board are Janet Kritek, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,450
IMPR.: \$44,241
TOTAL: \$65,691

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,188 square feet of living area. The dwelling is 114 years old. Features of the property include a full finished basement, central air conditioning, and a two-car garage. The property has a 4,125 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of frame exterior construction ranging in size from 1,312 to 1,789 square feet of living area. The dwellings are each 120 years old and

have full basements with one comparable having finished area. Three comparables each have central air conditioning. One comparable has a fireplace. Each comparable has a two-car garage. The comparables have improvement assessments ranging from \$38,397 to \$60,216 or from \$29.27 to \$34.33 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$38,646 or \$32.53 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$65,691. The subject property has an improvement assessment of \$44,241 or \$37.24 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-03, 1-story or 1.5-story dwellings of frame or masonry exterior construction ranging in size from 1,025 to 1,334 square feet of living area. The dwellings range in age from 97 to 120 years old and have full basements with two comparables having finished area. One comparable has central air conditioning. Each comparable has a two-car garage. The comparables have improvement assessments ranging from \$43,575 to \$54,379 or from \$40.76 to \$43.09 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 through #3 as well as the board of review comparables #1 and #4 due to their significantly larger dwelling sizes and/or unfinished basement when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 as well as the board of review comparables #2 and #3. These comparables have features with varying degrees of similarity to the subject in dwelling size, age, and other features. The comparables have improvement assessments ranging from \$38,397 to \$51,211 or from \$29.27 to \$42.89 per square foot of living area. The subject's improvement assessment of \$44,241 or \$37.24 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
