

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Adams  
DOCKET NO.: 18-28817.001-R-1  
PARCEL NO.: 14-21-311-012-0000

The parties of record before the Property Tax Appeal Board are James Adams, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$16,995  
**IMPR.:** \$161,994  
**TOTAL:** \$178,989

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a two-story dwelling of masonry exterior construction with 4,005 square feet of living area. The dwelling is 13 years old. Features include a partial basement with finished area, central air conditioning, two fireplaces and a 2-car garage. The subject is located in Chicago, Lake View Township, Cook County. It is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables, none of which are located within the same neighborhood code as the subject property. The comparables are improved with class 2-08 dwellings of masonry exterior construction ranging in size from 3,905 to 4,954 square feet of living area. The dwellings range in age from 12 to 19 years old. Features include a partial or a full finished basement, central air

conditioning, one or two fireplaces, and either a 2-car, a 2.5-car, or a 3-car garage. The comparables have improvement assessments ranging from \$117,450 to \$166,965 or from \$30.08 to \$36.14 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$130,803 or \$32.66 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$178,989. The subject property has an improvement assessment of \$161,994 or \$40.45 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity, none of which are located within the same neighborhood code as the subject property. The comparables are improved with class 2-08 three-story dwellings of masonry exterior construction ranging in size from 3,840 to 4,233 square feet of living area. The dwellings range in age from 4 to 11 years old. Features include a partial or a full finished basement, central air conditioning, one to four fireplaces, and either a 2-car, a 2.5-car or a 3-car garage. The comparables have improvement assessments ranging from \$160,220 to \$191,447 or from \$41.72 to \$47.62 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds neither party submitted comparables truly similar to the subject due to dissimilarities in their neighborhood code, design, dwelling size, and/or other features. Nevertheless, these comparables have improvement assessments ranging from \$30.08 to \$47.62 per square foot of building area. The subject's improvement assessment of \$40.45 per square foot of living area falls within the range established by the comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
