

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lawrence Fritz  
DOCKET NO.: 18-29318.001-R-1  
PARCEL NO.: 12-16-401-014-0000

The parties of record before the Property Tax Appeal Board are Lawrence Fritz, the appellant, by attorney Mary Kate Gorman, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 5,170  
**IMPR.:** \$18,541  
**TOTAL:** \$23,711

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of two improvements. Improvement #1 consists of an 86-year-old, one-story dwelling of masonry construction with 1,601 square feet of living area. Features of the home include a full basement and central air conditioning. Improvement #2 consists of a 69-year-old, one-story coach house with 576 square feet of living area. The property has a 9,400 square foot site and is located in Leyden Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three suggested equity comparables. The appellant also submitted a brief arguing that the subject has two improvements with a combined total of 1,230 square feet of living area. The appellant provided no evidence to support this proposition.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,711. The subject property has an improvement assessment of \$18,541 or \$11.58 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four suggested equity comparables for each improvement.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the appellant failed to provide sufficient evidence to prove that the subject's combined square footage is only 1,230. The appellant did not provide a plat of survey, blueprint, or any other evidence in support of this argument. Based on this record, the Board gives appellant's argument no weight.

The Board finds the best evidence of assessment equity for improvement #1 to be appellant's comparables #2 and #3, and the board of review's comparables #1, #2, #3, and #4. These comparables had improvement assessments that ranged from \$8.42 to \$9.44 per square foot of living area. The subject's improvement assessment of \$11.58 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The Board finds the best evidence of assessment equity for improvement #2 to be the board of review's comparables #1, #3, and #4. These comparables had improvement assessments that ranged from \$15.27 to \$20.09 per square foot of living area. The subject's improvement assessment of \$8.97 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
