

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ramiro Garcia
DOCKET NO.: 18-29613.001-R-1
PARCEL NO.: 24-03-128-070-0000

The parties of record before the Property Tax Appeal Board are Ramiro Garcia, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,900
IMPR.: \$11,906
TOTAL: \$13,806

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame construction with 1,248 square feet of living area. The dwelling is approximately 64 years old. Features of the home include a crawl-space foundation, and a 1.5-car garage. The property has a 4,000 square foot site and is located in Hometown, Worth Township, Cook County. The subject is classified as a class 2-10 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales that were located within the same neighborhood code as the subject property. The comparables had lot sizes of either 4,000 or 4,090 square feet of land area that were improved with class 2-10 dwellings of frame construction. The homes ranged in size from 744 to 1,511 square feet of living area and ranged in age from 64 to 67 years old. The comparables had crawl-space foundations and other features

with varying degrees of similarity to the subject. The comparables sold from January 2016 to June 2018 for prices ranging from \$47,500 to \$132,000 or from \$63.84 to \$94.05 per square foot of living area, including land.

Based on this evidence, the appellant requested that the subject's total assessment be reduced to \$10,231.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$13,806. The subject's assessment reflects a market value of \$138,060 or \$110.63 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales that were located within .25 of a mile from the subject and within the same neighborhood code as the subject property. The comparables had lots ranging in size from 4,000 to 7,320 square feet of land area that were improved with class 2-10 dwellings of frame construction. The homes ranged in size from 1,116 to 1,457 square feet of living area and were 66 years old. Three comparables had crawl-space foundations and one comparable had a finished partial basement. The comparables had other features with varying degrees of similarity to the subject. The comparables sold from September 2016 to March 2018 for prices ranging from \$157,000 to \$182,000 or from \$124.91 to \$151.43 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be the appellant's sale #1, as well as the board of review's sales #1, #2 and #4, as these properties were most similar to the subject and also sold proximate in time to the January 1, 2018 assessment date at issue. These comparables sold from November 2017 to June 2018 for prices ranging from \$132,000 to \$182,000 or from \$87.36 to \$150.21 per square foot of living area, including land. The subject's assessment reflects a market value of \$138,060 or \$110.63 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. The Board gave less weight to the appellant's comparables #2, #3 and #4, as well as the board of review's comparable #3, due to their dissimilar foundation, smaller size and/ or their sale date occurring greater than 13 months prior to the January 1, 2018 assessment date at issue. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
