

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matthew Ickes  
DOCKET NO.: 18-30341.001-R-1  
PARCEL NO.: 14-18-310-022-0000

The parties of record before the Property Tax Appeal Board are Matthew Ickes, the appellant, by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$17,856  
**IMPR.:** \$104,240  
**TOTAL:** \$122,096

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 3,101 square feet of living area. The dwelling is approximately 104 years old. Features of the home include a full basement with finished area, central air conditioning and a 2.5-car garage. The property has a 3,720 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story class 2-06 dwellings of frame, masonry or frame and masonry exterior construction that range in size from 2,842 to 3,092 square feet of living area

and in age from 110 to 125 years old. Four comparables each have a full basement, three of which have finished area. Three comparables each have central air conditioning. Two comparables each have one or two fireplaces. Four comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$61,762 to \$92,040 or from \$20.99 to \$31.74 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.<sup>1</sup>

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$122,096. The subject property has an improvement assessment of \$104,240 or \$33.61 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story class 2-06 dwellings of frame or masonry exterior construction that range in size from 2,390 to 2,759 square feet of living area and in age from 94 to 115 years old. The comparables each have a full basement, three of which have finished area. Each comparable has central air conditioning. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$84,992 to \$101,371 or from \$33.61 to \$37.84 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellants' comparables #1 and #2 as well as the board of review comparables #2 and #4 due to unfinished basement, lack of a basement, smaller dwelling size and/or lack of a garage when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in age, dwelling size and features. These comparables have improvement assessments ranging from \$23.45 to \$37.84 per square foot of living area. The subject property's improvement assessment of \$33.61 per square foot of living area falls within the range established by the best comparables in the record on a per square foot basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's

improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
