

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Tseng
DOCKET NO.: 18-30356.001-R-1
PARCEL NO.: 03-19-317-024-0000

The parties of record before the Property Tax Appeal Board are William Tseng, the appellant by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,920
IMPR.: \$69,725
TOTAL: \$73,645

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,695 square feet of living area. The dwelling is approximately 12 years old. Features of the home include a partial basement with finished area, central air conditioning, two fireplaces and a 2-car garage. The property has an 8,712 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-78 dwellings of frame, masonry or frame and masonry exterior construction that range in size from 3,517 to 3,799 square feet of living area and in age

from 7 to 56 years old. The comparables each have an unfinished full or partial basement and a 2-car or a 3.5-car garage. Four comparables each have central air conditioning and one fireplace. The comparables have improvement assessments ranging from \$50,687 to \$63,462 or from \$13.74 to \$17.88 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$56,939 or \$15.41 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,645. The subject property has an improvement assessment of \$69,725 or \$18.87 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story class 2-78 dwellings of masonry or frame and masonry exterior construction that range in size from 3,049 to 3,715 square feet of living area and in age from 4 to 9 years old. The comparables each have a full basement, two of which have finished area. Each comparable has central air conditioning, one fireplace and a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$58,998 to \$76,380 or from \$19.05 to \$20.56 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #4 as well as the board of review comparable #3 due to their older ages or smaller dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in age, dwelling size and other features. These comparables have improvement assessments ranging from \$50,687 to \$76,380 or from \$13.74 to \$20.56 per square foot of living area. The subject property's improvement assessment of \$69,725 or \$18.87 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
