

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Quinn
DOCKET NO.: 18-30362.001-R-1
PARCEL NO.: 09-36-212-015-0000

The parties of record before the Property Tax Appeal Board are John Quinn, the appellant, by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,477
IMPR.: \$44,714
TOTAL: \$51,191

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 2,293 square feet of living area. The dwelling is approximately 80 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace and a 2-car garage. The property has a 4,798 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same neighborhood code as the subject property. The comparables are improved with two-story class 2-06 dwellings of masonry or frame and masonry exterior construction that range in size from 2,235 to 2,448 square feet of living area and range in

age from 63 to 92 years old. Two comparables each have an unfinished full basement. Four comparables each have central air conditioning. Four comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$38,440 to \$43,573 or from \$16.14 to \$18.67 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$39,439 or \$17.20 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$51,191. The subject property has an improvement assessment of \$44,714 or \$19.50 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with two-story class 2-06 dwellings of masonry exterior construction ranging in size from 2,208 to 2,374 square feet of living area and range in age from 71 to 88 years old. Each comparable has an unfinished full basement, central air conditioning, one fireplace and a 2-car garage. The comparables have improvement assessments that range from \$46,270 to \$52,167 or from \$20.96 to \$22.90 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their lack of basements, lack of a garage and/or dissimilar ages when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are similar to the subject in age, dwelling size and features. These comparables have improvement assessments ranging from \$46,270 to \$52,167 or from \$20.96 to \$22.90 per square foot of living area. The subject's improvement assessment of \$44,714 or \$19.50 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
