

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patricia Moriarty  
DOCKET NO.: 18-31202.001-R-1  
PARCEL NO.: 10-32-414-022-0000

The parties of record before the Property Tax Appeal Board are Patricia Moriarty, the appellant, by attorney Ellen G. Berkshire, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,100  
**IMPR.:** \$32,134  
**TOTAL:** \$40,234

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame exterior construction with 1,383 square feet of living area. The dwelling is 63 years old. Features of the home include a concrete slab foundation and a one-car garage. The property has a 6,000 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-03 dwellings of frame or frame and masonry exterior construction ranging in size from 1,205 to 1,646 square feet of living area. The dwellings range in age from 64 to 67 years old. Two comparables have concrete slab foundations, and two

comparables have partial or full basements with one comparable having finished area. Two comparables each have central air conditioning, and three comparables have either a one-car or a two-car garage. The comparables have improvement assessments ranging from \$22,265 to \$31,395 or from \$18.48 to \$19.12 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$26,070 or \$18.85 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,234. The subject property has an improvement assessment of \$32,134 or \$23.23 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-03, one-story dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 1,014 to 1,428 square feet of living area. The dwellings range in age from 44 to 70 years old. Three comparables have concrete slab foundations, and one comparable has a full unfinished basement. Two comparables each have a one-car garage. The comparables have improvement assessments ranging from \$27,914 to \$36,404 or from \$23.63 to \$27.53 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #3 and #4 as well as the board of review comparables #1 and #3 which differ from the subject in dwelling size, age, and/or foundation.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are similar to the subject in dwelling size, age, foundation, and other features. These four comparables have improvement assessments ranging from \$22,265 to \$35,433 or from \$18.48 to \$26.13 per square foot of living area. The subject's improvement assessment of \$32,134 or \$23.23 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
