

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul Coen  
DOCKET NO.: 18-31208.001-R-1  
PARCEL NO.: 09-36-410-013-0000

The parties of record before the Property Tax Appeal Board are Paul Coen, the appellant, by attorney Spiro Zarkos, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,951  
**IMPR.:** \$76,723  
**TOTAL:** \$84,674

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 3,240 square feet of living area. The dwelling is 4 years old. Features of the home include a full finished basement, central air conditioning, a fireplace, and a 2.5-car garage. The property has a 5,890 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-78 dwellings of frame exterior construction ranging in size from 2,240 to 2,711 square feet of living area. The dwellings range in age from 7 to 62

years old. One comparable has a concrete slab foundation, and three comparables have full basements, one of which has finished area. Two comparables each have a fireplace, and each comparable has central air conditioning and a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$44,381 to \$52,944 or from \$16.37 to \$22.83 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$65,351 or \$20.17 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$84,723. The subject property has an improvement assessment of \$76,723 or \$23.68 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-78, two-story dwellings of frame exterior construction ranging in size from 2,954 to 3,052 square feet of living area. The dwellings are either 1 or 4 years old and have full finished basements. The comparables each have central air conditioning, a fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$80,573 to \$85,075 or from \$26.40 to \$28.80 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the evidence in the record does not support a reduction in the subject's assessment.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their smaller swelling sizes, older ages, unfinished basements, and/or lack of a basement when compared to the subject. The Board also gives less weight to the board of review comparables #1 and #2 which are improved with newly constructed one-year-old dwellings.

The Board finds the best evidence of assessment equity to be the board of review comparables #3 and #4. These comparables are identical in age to the subject dwelling and are also similar in overall property characteristics to the subject. These two comparables have improvement assessments of \$80,573 and \$81,702 or \$26.40 and \$27.38 per square foot of living area, respectively. The subject's improvement assessment of \$76,723 or \$23.68 per square foot of living area falls below the two best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
