

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul Mack
DOCKET NO.: 18-31240.001-R-1
PARCEL NO.: 13-16-309-033-0000

The parties of record before the Property Tax Appeal Board are Paul Mack, the appellant, by attorney Spiro Zarkos, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,437
IMPR.: \$30,762
TOTAL: \$36,199

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 1,933 square feet of living area. The dwelling is approximately 67 years old. Features of the home include a full unfinished basement and a 2-car garage. The property has a 3,750 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-04 dwellings of masonry exterior construction ranging in size from 2,096 to 3,798 square feet of living area. The dwellings range in age from 94 to 96 years old and have full finished basements. Two comparables each have central air conditioning,

and each comparable has a 1.5-car -car or a 2-car garage. The comparables have improvement assessments ranging from \$22,524 to \$42,541 or from \$10.75 to \$12.30 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$22,056 or \$11.41 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$36,199. The subject property has an improvement assessment of \$30,762 or \$15.91 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-04, 1-story or 1.5-story dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 1,840 to 2,082 square feet of living area. The dwellings range in age from 71 to 105 years old and have full basements, two of which have finished area. Two comparables each have central air conditioning, and each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$30,427 to \$34,768 or from \$15.99 to \$18.90 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested comparables for the Board's consideration. The Board finds all but the board of review comparable #1 are significantly dissimilar to the subject in age and/or dwelling size when compared to the subject. Nevertheless, the parties suggested comparables have improvement assessments ranging from \$22,524 to \$42,541 or from \$10.74 to \$18.90 per square foot of building area. The subject's improvement assessment of \$30,762 or \$15.91 per square foot of building area falls within the range established by the parties' comparables and falls below the best comparable in the record that has an improvement assessment of \$30,869 or \$15.99 per square foot of living area. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
