

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Elmer Haneberg  
DOCKET NO.: 18-31306.001-R-1  
PARCEL NO.: 13-23-124-019-0000

The parties of record before the Property Tax Appeal Board are Elmer Haneberg, the appellant, by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,960  
**IMPR.:** \$67,541  
**TOTAL:** \$78,501

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the 2018 County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of stucco exterior construction with 2,816 square feet of living area. The dwelling is approximately 106 years old. Features of the home include a full unfinished basement, a fireplace, and a 2-car garage. The property has a 6,850 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located within the same neighborhood code as the subject property.<sup>1</sup> The

<sup>1</sup> The appellant submitted two grid analyses. The grid analysis with only one comparable will be renumbered as comparable #5.

comparables are improved with class 2-06 dwellings of frame, masonry, or stucco exterior construction ranging in size from 2,552 to 2,804 square feet of living area. The dwellings range in age from 97 to 135 years old and have full basements, two of which have finished area. Four comparables each have central air conditioning, one comparable has a fireplace, and three comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$40,244 to \$48,487 or from \$15.13 to \$18.21 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$48,688 or \$17.29 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$78,501. The subject property has an improvement assessment of \$67,541 or \$23.98 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code and within the same street as the subject property. One comparable is also located within the same block as the subject. The comparables are improved with class 2-06, two-story dwellings of masonry or stucco exterior construction ranging in size from 2,304 to 3,617 square feet of living area. The dwellings range in age from 100 to 105 years old and have full unfinished basements. Two comparable each have central air conditioning, two comparables each have a fireplace, and each comparable has either a 1-car, a 1.5-car, or a 3-car garage. The comparables have improvement assessments ranging from \$61,081 to \$87,855 or from \$24.29 to \$28.61 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 through #4 due to their older ages and/or finished basements and the board of review comparables #1 and #3 due to their smaller dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining three comparables. These comparables are similar to the subject in age, dwelling size, and foundation. These comparables have improvement assessments ranging from \$46,478 to \$66,762 or from \$18.21 to \$26.88 per square foot of living area. The subject's improvement assessment \$67,541 or \$23.98 per square foot of living area falls above the range established by the best comparables in this record on an overall basis and below the range on a per-square-foot basis, which is logical

considering the subject's larger dwelling size. After considering the economies of scale and adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
