

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Kaminski
DOCKET NO.: 18-31408.001-R-1
PARCEL NO.: 10-32-412-029-0000

The parties of record before the Property Tax Appeal Board are Michael Kaminski, the appellant, by attorney Spiro Zarkos, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,466
IMPR.: \$66,205
TOTAL: \$79,671

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,602 square feet of living area. The dwelling is approximately 74 years old. Features of the dwelling include a full unfinished basement, central air conditioning, and a one-car garage. The property has a 9,975 square foot site that is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-06 dwellings of masonry or frame and masonry exterior construction ranging in size from 3,176 to 3,734 square feet of living area. The dwellings range

in age from 68 to 95 years old. One comparable has a concrete slab foundation and three comparables have partial or full basements, one of which has finished area. One comparable has a fireplace. The comparables each have central air conditioning and a one-car or a two-car garage. The comparables have improvement assessments ranging from \$37,534 to \$61,795 or from \$10.05 to \$18.14 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$50,788 or \$14.10 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$79,671. The subject property has an improvement assessment of \$66,205 or \$18.38 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-06, two-story dwellings of masonry exterior construction ranging in size from 3,140 to 3,758 square feet of living area. The dwellings range in age from 66 to 77 years old and have partial or full basements, two of which have finished area. Three comparables each have one or two fireplaces. The comparables each have central air conditioning and a two-car garage. The comparables have improvement assessments ranging from \$60,999 to \$70,029 or from \$18.59 to \$20.62 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 as well as the board of review comparable #4 due to their older ages or lack of a basement when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are similar to the subject in dwelling size, age, foundation, and most features. These five comparables have improvement assessments ranging from \$49,551 to \$70,029 or from \$15.60 to \$20.62 per square foot of living area. The subject's improvement assessment of \$66,205 or \$18.38 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
