

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael O'Dwyer  
DOCKET NO.: 18-31437.001-R-1  
PARCEL NO.: 13-26-407-012-0000

The parties of record before the Property Tax Appeal Board are Michael O'Dwyer, the appellant, by attorney Spiro Zarkos, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,249  
**IMPR.:** \$35,169  
**TOTAL:** \$41,418

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,699 square feet of living area. The dwelling is approximately 120 years old. Features of the home include a full unfinished basement and a 2-car garage. The property has a 3,906 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property and from .6 to 2.1 miles from the subject property. The comparables are improved with class 2-03 dwellings of frame exterior construction ranging in size from 1,674 to 1,757 square feet of living area. The dwellings range in age from 99 to 115 years old and have full unfinished

basements. One comparable has central air conditioning, and two comparables have either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$21,377 to \$24,024 or from \$12.18 to \$14.34 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$22,682 or \$13.35 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$41,418. The subject property has an improvement assessment of \$35,169 or \$20.70 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property and a quarter of a mile of the subject property. The comparables are improved with class 2-03, 1.5-story dwellings of frame exterior construction ranging in size from 1,530 to 1,766 square feet of living area. The dwellings range in age from 89 to 125 years old and have full basements, two of which have finished area. The comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$33,446 to \$47,967 or from \$21.86 to \$27.89 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #4 due to their more distant locations being more than a mile away from subject property. In addition, the appellant's comparable #2 as well as the board of review comparable #3 received reduced weight by the Board due to their dwellings' newer ages when compared to the subject dwelling.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are located within a mile of the subject property and are also similar to the subject in age, dwelling size, foundation, and most features. These four comparables have improvement assessments ranging from \$24,024 to \$47,967 or from \$13.67 to \$27.89 per square foot of living area. The subject's improvement assessment of \$35,169 or \$20.70 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
