

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Keri Kramer
DOCKET NO.: 18-31452.001-R-1
PARCEL NO.: 13-22-405-009-0000

The parties of record before the Property Tax Appeal Board are Keri Kramer, the appellant, by attorney Spiro Zarkos, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,800
IMPR.: \$33,099
TOTAL: \$37,899

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 1,870 square feet of living area. The dwelling is approximately 110 years old and has a full unfinished basement. The property has a 3,000 square foot site located in Chicago, Jefferson Township, Cook County. The subject dwelling is classified as a Class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-05 dwellings of frame exterior construction ranging in size from 1,810 to 2,150 square feet of living area. The dwellings range in age from 110 to 120 years old, and have full basements, three of which have finished area. Three comparables each

have central air conditioning, and three comparables have either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$20,288 to \$25,819 or from \$9.44 to \$14.26 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$22,347 or \$11.95 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,899. The subject property has an improvement assessment of \$33,099 or \$17.70 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-05, two-story dwellings of frame exterior construction ranging in size from 1,456 to 2,192 square feet of living area. The dwellings range in age from 105 to 130 years old. One comparable has a concrete slab foundation, and three comparables have a full basement, one of which has finished area. The comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$34,345 to \$39,272 or from \$17.92 to \$24.34 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #4 as well as the board of review comparables #3 and #4 due to their finished basements or lack of a basement, unlike the subject which has an unfinished basement.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are similar to the subject in location, age, dwelling size, and foundation. These three comparables have improvement assessments ranging from \$23,126 to \$39,272 or from \$12.78 to \$18.16 per square foot of living area. The subject's improvement assessment of \$33,099 or \$17.70 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
