

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: AN Capital, LLC
DOCKET NO.: 18-31633.001-R-1
PARCEL NO.: 15-34-103-059-0000

The parties of record before the Property Tax Appeal Board are AN Capital, LLC, the appellant, by attorney Peter D. Verros, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,537
IMPR.: \$13,608
TOTAL: \$17,145

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 1,008 square feet of living area. The dwelling is approximately 67 years old. Features of the property include a crawl space foundation and a 2-car garage. The property has a 6,153 square foot site and is located in Brookfield, Proviso Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,033 to 1,285 square feet of living area and in age from 60 to 67 years old. One comparable has an unfinished full basement and three comparables each have

a concrete slab foundation. One comparable has central air conditioning and three comparables have either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$11,741 to \$17,056 or from \$11.33 to \$13.27 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$12,842 or \$12.74 per square foot of living area.

The appellant's submission included a copy of the "Cook County Board of Review" final decision dated April 1, 2019 disclosing the subject has a total assessment of \$19,259. The petition filed by the appellant also disclosed that the subject has an improvement assessment of \$15,722 or \$15.60 per square foot of living area.

The board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument and was found in default by a letter issued September 17, 2020.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the evidence in the record supports a reduction in the subject's assessment.

The Board finds the only evidence of assessment equity was submitted by the appellant. The Board gives less weight to comparables #3 and #4 due to their larger dwelling size, basement foundation and/or lack of a garage when compared to the subject.

The Board finds the best evidence of assessment equity to be comparables #1 and #2. These comparables are similar to the subject in age, dwelling size and features with both lacking a basement foundation like the subject. These comparables have improvement assessments of \$11,741 and \$13,566 or \$11.33 and \$13.13 per square foot of living area, respectively. The subject's improvement assessment of \$15,722 or \$15.60 per square foot falls above the assessments of the two best comparables in this record and appears to be excessive. After considering adjustments for differences to the two best comparables when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

The Board finds the board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. After analysis of the appellant's data, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement assessment was inequitably assessed and a reduction is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
