

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andres Figueroa
DOCKET NO.: 18-31635.001-R-1
PARCEL NO.: 13-32-105-023-0000

The parties of record before the Property Tax Appeal Board are Andres Figueroa, the appellant, by attorney Spiro Zarkos, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,687
IMPR.: \$17,577
TOTAL: \$22,264

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 1,674 square feet of living area. The dwelling is approximately 65 years old. Features of the home include a full basement with finished area, central air conditioning and a 2-car garage. The property has a 3,750 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with 1-story or 1.5-story class 2-03 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,425 to 1,796 square feet of living area

and in age from 58 to 64 years old. The comparables each have a full or partial basement, three of which have finished area. Two comparables each have central air conditioning and each comparable has a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$14,831 to \$16,988 or from \$9.31 to \$11.64 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$17,577 or \$10.50 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,344. The subject property has an improvement assessment of \$20,657 or \$12.34 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with 1-story or 1.5-story class 2-03 dwellings of frame or masonry exterior construction ranging in size from 1,448 to 1,697 square feet of living area and in age from 89 to 97 years old. The comparables each have a full basement, three of which have finished area. Each comparable has from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$20,371 to \$24,031 or from \$13.87 to \$15.27 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 due to its dissimilar 1-story design when compared to the subject's 1.5-story design. The Board gives less weight to the board of review comparables due to their older ages when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #3 and #4 which are similar to the subject in age, dwelling size and some features. These comparables have improvement assessments ranging from \$14,831 to \$16,988 or from \$10.41 to \$11.64 per square foot of living area. The subject's improvement assessment of \$20,657 or \$12.34 per square foot of living area falls above the range established by the best comparables in this record and appears excessive. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity and commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
