

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steve O'Malley
DOCKET NO.: 18-31636.001-R-1
PARCEL NO.: 13-16-124-008-0000

The parties of record before the Property Tax Appeal Board are Steve O'Malley, the appellant, by attorney Peter D. Verros, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,437
IMPR.: \$32,123
TOTAL: \$37,560

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story building of masonry exterior construction with 3,555 square feet of building area. The building is approximately 93 years old. Features of the building include an unfinished full basement and a three-car garage. The property has a 3,750 square foot site located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story class 2-11 buildings of masonry exterior construction ranging in size from 3,522 to 3,884 square feet of building area and in age from 50 to 105 years old. The comparables each have a full basement, one of which is finished with an apartment.

One comparable has central air conditioning and three comparables have either a one-car or a two-car garage. The comparables have improvement assessments ranging from \$29,726 to \$33,086 or from \$8.40 to \$8.59 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$30,075 or \$8.46 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,560. The subject property has an improvement assessment of \$32,123 or \$9.04 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables which are located in the same neighborhood code and on the same block as the subject property; however, comparable #4 is the same property as comparable #2. The comparables are improved with two-story or three-story class 2-11 buildings of frame or masonry exterior construction ranging in size from 2,578 to 3,555 square feet of building area and are either 63 or 93 years old. Two comparables each have an unfinished full basement and one comparable has a concrete slab foundation. Two comparables each have a two-car garage. The comparables have improvement assessments ranging from \$27,568 to \$32,536 or from \$9.15 to \$10.69 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #2 due to its newer age when compared to the subject. The Board gives less weight to the board of review comparables #2 and #3 due to their lack of a basement, newer age and/or smaller dwelling size when compared to the subject. The Board finds the best evidence of assessment equity to be the parties' four remaining comparables which are similar to the subject in age, dwelling size and some features. The Board gives most weight to the board of review comparable #1 which is located on the same block and street as the subject and identical to the subject in story height, age, dwelling size and most features. The remaining comparables have improvement assessments ranging from \$29,972 to \$33,086 or from \$8.40 to \$9.15 per square foot of building area. The subject property's improvement assessment of \$32,123 or \$9.04 per square foot of building area falls within the range established by the best comparables in this record. Furthermore, the subject's assessment falls below the assessment of the most similar comparable in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
