

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Katz Marilyn
DOCKET NO.: 18-31656.001-R-1
PARCEL NO.: 14-28-318-025-0000

The parties of record before the Property Tax Appeal Board are Katz Marilyn, the appellant, by attorney Howard J. Weiss, of Ziering & Weiss, P.C. in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,124
IMPR.: \$99,887
TOTAL: \$129,011

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story building of masonry exterior construction with 4,077 square feet of building area. The building is approximately 127 years old. Features of the building include an unfinished full basement and a two-car garage. The property has a 4,045 square foot site located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-11 buildings of masonry exterior construction ranging in size from 4,237 to 4,360 square feet of building area and in age from 120 to 129 years old. The

comparables each have a full basement, one of which is finished with an apartment. Each comparable has central air conditioning and one comparable has a 200 square foot garage. The comparables have improvement assessments ranging from \$63,060 to \$93,530 or from \$14.46 to \$21.82 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$80,370 or \$19.71 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$129,011. The subject property has an improvement assessment of \$99,887 or \$24.50 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables which are located in the same neighborhood code as the subject property. The comparables are improved with two-story or three-story class 2-11 buildings of masonry exterior construction ranging in size from 3,546 to 4,081 square feet of building area and are either 120 or 125 years old. The comparables each have a full basement, one of which is finished with an apartment. One comparable has central air conditioning and each comparable has a two-car garage. The comparables have improvement assessments ranging from \$95,636 to \$111,237 or from \$26.97 to \$27.47 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the evidence in the record does not support a reduction in the subject's assessment.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 as it appears to be an outlier with a lower improvement assessment than the other comparables in the record. The Board gives less weight to the board of review comparable #3 due to its dissimilar two-story design when compared to the subject's three-story design.

The Board finds the best evidence of assessment equity to be the parties' five remaining comparables which are similar to the subject in age, dwelling size and some features. These comparables have improvement assessments ranging from \$77,935 to \$105,814 or from \$18.35 to \$27.47 per square foot of building area. The subject property's improvement assessment of \$99,887 or \$24.50 per square foot of building area falls within the range established by the best comparables in this record. After considering adjustments to the two best comparables for differences from the subject, the Board finds the record does not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
