

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frank Greco
DOCKET NO.: 18-31745.001-R-1
PARCEL NO.: 13-13-412-012-0000

The parties of record before the Property Tax Appeal Board are Frank Greco, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,960
IMPR.: \$42,837
TOTAL: \$49,797

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,308 square feet of living area. The dwelling is approximately 100 years old. Features of the home include an unfinished full basement and a 2-car garage. The property has a 2,900 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,337 to 1,501 square feet of living area and in age from 94 to 101 years old. The comparables each have a full basement, one of which has finished area. One

comparable has central air conditioning and four comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$33,394 to \$39,787 or from \$23.70 to \$26.74 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$33,275 or \$25.44 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$49,797. The subject property has an improvement assessment of \$42,837 or \$32.75 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with 1-story or 1.5-story class 2-03 dwellings of frame or masonry exterior construction ranging in size from 1,018 to 1,344 square feet of living area and in age from 98 to 108 years old. The comparables each have a full basement, two of which have finished area. Each comparable has from a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$36,302 to \$49,063 or from \$35.06 to \$36.53 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the board of review comparable #2 due to its smaller dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' eight remaining comparables which are similar to the subject in age, dwelling size and some features. These comparables have improvement assessments ranging from \$33,394 to \$49,063 or from \$23.70 to \$36.53 per square foot of living area. The subject's improvement assessment of \$42,837 or \$32.75 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
