

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John McCaffrey  
DOCKET NO.: 18-31884.001-R-1  
PARCEL NO.: 13-23-305-024-0000

The parties of record before the Property Tax Appeal Board are John McCaffrey, the appellant(s), by attorney Mary Kate Gorman, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,000  
**IMPR.:** \$28,626  
**TOTAL:** \$35,626

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story multi-family building of masonry exterior construction with 2,540 square feet of building area. The building is approximately 110 years old. Features of the building include an unfinished basement and a 2-car garage. The property has a 4,375 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same neighborhood code as the subject property. The comparables are improved with 2-story class 2-11 multi-family buildings of masonry exterior ranging in size from 2,140 to 2,878 square feet of building area. The buildings range in age from 53 to 105 years old.

The appellant did not describe the basement and garage amenities for the comparables. The comparables have improvement assessments ranging from \$22,728 to \$28,837 or from \$10.02 to \$10.62 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$25,451 or \$10.02 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$35,626. The subject property has an improvement assessment of \$28,626 or \$11.27 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same neighborhood code as the subject property. The comparables are improved with 2-story class 2-11 multi-family buildings of masonry exterior construction ranging in size from 1,906 to 2,975 square feet of building area. The buildings are 105 or 110 years old. The comparables each have a basement with three finished with either an apartment or a recreation room. One comparable has central air conditioning. Each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$30,975 to \$41,599 or from \$13.98 to \$16.25 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3 as well as board of review comparables #2 and #4 which differ from the subject in dwelling size and/or age.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, age, and building size. The comparables have improvement assessments ranging from \$26,657 to \$35,682 or from \$10.46 to \$14.84 per square foot of building area. The subject property's improvement assessment of \$28,626 or \$11.27 per square foot of building area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
