

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Carr
DOCKET NO.: 18-31886.001-R-1
PARCEL NO.: 13-06-404-024-0000

The parties of record before the Property Tax Appeal Board are James Carr, the appellant, by Mary Kate Gorman, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,962
IMPR.: \$30,823
TOTAL: \$42,785

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 1,791 square feet of living area. The dwelling is approximately 76 years old. Features of the home include a full basement finished with a recreation room, two fireplaces and a one-car garage. The property has a 9,570 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the same neighborhood code as the subject property. The comparables are improved with two-story class 2-05 dwellings of masonry exterior construction ranging in size from 2,076 to 2,145 square feet of living area that are either 93 or 94 years old. One comparable has central air conditioning. Two comparables each have one fireplace. The

comparables have improvement assessments that range from \$29,382 to \$33,233 or from \$13.70 to \$15.92 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$24,537 or \$13.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$42,785. The subject property has an improvement assessment of \$30,823 or \$17.21 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with two-story class 2-05 dwellings of masonry exterior construction ranging in size from 1,617 to 2,023 square feet of living area and in age from 64 to 81 years old. The comparables each have a full or partial basement, three of which have recreation rooms. Three comparables each have central air conditioning. Three comparables have either one or two fireplaces. Each comparable has a two-car garage. The comparables have improvement assessments that range from \$36,708 to \$43,747 or from \$18.99 to \$27.05 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the evidence in the record does not support a reduction in the subject's assessment.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives reduced weight to the appellant's comparables which lack complete descriptive characteristics that would assist the Property Tax Appeal Board in conducting a meaningful analysis to be able to determine the degree of comparability and possible adjustments of the properties to make them more equivalent to the subject property. The Board gives less weight to the board of review comparable #3 which has an unfinished basement when compared to the subject's finished basement.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1, #2 and #4 which are similar to the subject in age, dwelling size and some features. These comparables have improvement assessments ranging from \$36,708 to \$40,882 or from \$18.99 to \$21.86 per square foot of building area. The subject's improvement assessment of \$30,823 or \$17.21 per square foot of building area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the record does not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
