

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dennis Sexton
DOCKET NO.: 18-31910.001-R-1
PARCEL NO.: 14-20-218-017-0000

The parties of record before the Property Tax Appeal Board are Dennis Sexton, the appellant, by attorney Jennifer Burke, of KBC Law Group in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,000
IMPR.: \$70,589
TOTAL: \$86,589

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,110 square feet of living area. The dwelling is approximately 125 years old. Features of the home include a partial basement with finished area and central air conditioning. The property has a 2,500 square foot site located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject, one of which is also located on the same block as the subject. The comparables are improved with two-story class 2-05 dwellings of frame exterior construction ranging in size from 1,691 to 2,065 square feet of living area and in age from 125 to 130 years old. Two comparables each have a full or

partial basement with finished area and two comparables each have a concrete slab foundation. Each comparable has central air conditioning and two comparables each have a one-car garage. The comparables have improvement assessments ranging from \$46,683 to \$64,557 or from \$27.61 to \$31.26 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$58,257 or \$27.61 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$86,589. The subject property has an improvement assessment of \$70,589 or \$33.45 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject, one of which is located on the same block as the subject. The comparables are improved with two-story class 2-05 dwellings of frame exterior construction ranging in size from 1,606 to 2,112 square feet of living area and are either 125 or 130 years old. Each comparable has an unfinished full or partial basement, two comparables each have central air conditioning, one comparable has one fireplace and two comparables each have a two-car garage. The comparables have improvement assessments ranging from \$54,203 to \$81,057 or from \$33.75 to \$38.90 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the evidence in the record does not support a reduction in the subject's assessment.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review comparable #1 due to their smaller dwelling sizes or lack of basements when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review's three remaining comparables which are similar to the subject in age, dwelling size and other features. These comparables have improvement assessments ranging from \$68,019 to \$81,057 or from \$35.95 to \$38.90 per square foot of living area. The subject's improvement assessment of \$70,589 or \$33.45 per square foot of living area falls within the range established by the best comparables in this record on an overall basis and below on a per square foot basis.. After considering adjustments to the best comparables for differences from the subject, the Board finds the record does not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
