

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kathryn Casey  
DOCKET NO.: 18-31965.001-R-1  
PARCEL NO.: 14-05-123-015-0000

The parties of record before the Property Tax Appeal Board are Kathryn Casey, the appellant, by attorney Edwin M. Wittenstein, of Worsek & Vihon in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$14,136  
**IMPR.:** \$54,937  
**TOTAL:** \$69,073

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 2,319 square feet of living area. The dwelling is approximately 110 years old. Features of the home include an unfinished full basement, central air conditioning and a 2-car garage.<sup>1</sup> The property has a 3,720 square foot site located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on six equity comparables that are located within the same neighborhood code as the subject. The

<sup>1</sup> The parties differ whether or not the subject dwelling has central air conditioning; however, this discrepancy will not impact the Board's decision.

comparables are improved with two-story class 2-06 dwellings of frame or stucco exterior construction ranging in size from 2,256 to 2,769 square feet of living area and in age from 110 to 115 years old. The comparables each have a full or partial basement, one of which has finished area. Each comparable has central air conditioning, one comparable has one fireplace, and four comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$40,834 to \$56,612 or from \$17.68 to \$22.10 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$40,000 or \$17.25 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$69,073. The subject property has an improvement assessment of \$54,937 or \$23.69 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code and the same block as the subject. The comparables are improved with two-story class 2-05 dwellings of frame exterior construction ranging in size from 1,599 to 2,140 square feet of living area and in age from 108 to 112 years old. The comparables each have a full basement, one of which has finished area. Three comparables each central air conditioning, one comparable has one fireplace, and each comparable has a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$38,572 to \$56,400 or from \$24.12 to \$27.80 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted ten suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #5 as well as the board of review comparables #2 and #4 due to their dissimilar dwelling sizes and/or finished basements when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in age, dwelling size and some features. These comparables have improvement assessments ranging from \$40,834 to \$56,400 or from \$17.68 to \$27.80 per square foot of living area. The subject's improvement assessment of \$54,937 or \$23.69 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the record does not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
