

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kevin Warner
DOCKET NO.: 18-31968.001-R-1
PARCEL NO.: 13-24-207-031-0000

The parties of record before the Property Tax Appeal Board are Kevin Warner, the appellant, by attorney Spiro Zarkos, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,707
IMPR.: \$95,216
TOTAL: \$103,923

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,044 square feet of living area. The dwelling is approximately 16 years old. Features of the property include a full basement with finished area, central air conditioning and a 2-car garage. The property has a 3,958 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story class 2-78 dwellings of masonry or frame and masonry exterior construction that range in size from 2,084 to 2,496 square feet of living area and in age

from 46 to 56 years old. The comparables each have a full or partial basement, one of which has finished area. Each comparable has central air conditioning and a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$28,579 to \$48,522 or from \$13.15 to \$19.85 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$54,457 or \$17.89 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$103,923. The subject property has an improvement assessment of \$95,216 or \$31.28 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code and the same block as the subject. The comparables are improved with two-story class 2-78 dwellings of frame and masonry exterior construction with either 3,005 or 3,044 square feet of living area that are each 16 years old. Each comparable has a full basement with finished area, central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$96,160 to \$104,355 or from \$32.00 to \$34.28 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the evidence in the record does not support a reduction in the subject's assessment.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables due to their older ages and smaller dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are most similar to the subject in age, dwelling size and features as well as being located on the same block as the subject. The Board gives most weight to comparable #1 which is identical to the subject in age, dwelling size and features. These comparables have improvement assessments ranging from \$96,160 to \$104,355 or from \$32.00 to \$34.28 per square foot of living area. The subject's improvement assessment of \$95,216 or \$31.28 per square foot of living area falls below the range established by the best comparables in this record as well as below the overall and per square foot assessments of comparable #1. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the record does not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
