

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adam Rizos
DOCKET NO.: 18-31969.001-R-1
PARCEL NO.: 03-25-118-011-0000

The parties of record before the Property Tax Appeal Board are Adam Rizos, the appellant, by attorney Spiro Zarkos, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,862
IMPR.: \$22,835
TOTAL: \$27,697

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry exterior construction with 2,074 square feet of living area. The dwelling is approximately 50 years old. Features of the home include a full basement with finished area, central air conditioning, one fireplace and a 2.5-car garage. The property has a 9,724 square foot site and is located in Mount Prospect, Wheeling Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-04 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,934 to 2,726 square feet of living area and are either 59 or 60

years old. Two comparables each have a crawl space foundation and two comparables each have a partial basement, one of which has finished area. Two comparables each have central air conditioning, three comparables each have one fireplace and each comparable has from a 1-car to a 2.5-car garage. The comparables have improvement assessments that range from \$17,204 to \$25,014 or from \$8.90 to \$9.18 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$18,604 or \$8.97 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,697. The subject property has an improvement assessment of \$22,835 or \$11.01 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. Each comparable is improved with a 50-year-old, one-story class 2-04 dwelling of frame and masonry exterior construction with 2,074 square feet of living area. Each comparable has an unfinished full or partial basement, central air conditioning and a 2-car garage. Three comparables each have one fireplace. The comparables have improvement assessments that range from \$25,698 to \$28,660 or from \$12.39 to \$13.82 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the evidence in the record does not support a reduction in the subject's assessment.

The parties provided eight suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables due to their dissimilar ages, dissimilar dwelling sizes and/or dissimilar foundations when compared to the subject's full basement.

The Board finds the best evidence of assessment equity to be the board of review comparables which are identical to the subject in age and dwelling size with varying degrees of similarity in other features. These comparables have improvement assessments ranging from \$25,698 to \$28,660 or from \$12.39 to \$13.82 per square foot of living area. The subject's improvement assessment of \$22,835 or \$11.01 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the record does not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
