

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Demetrios Rogakos  
DOCKET NO.: 18-31973.001-R-1  
PARCEL NO.: 13-01-310-031-0000

The parties of record before the Property Tax Appeal Board are Demetrios Rogakos, the appellant, by attorney Spiro Zarkos, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,125  
**IMPR.:** \$32,040  
**TOTAL:** \$39,165

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story building of masonry exterior construction with 2,670 square feet of building area. The building is approximately 93 years old. Features of the subject property include an unfinished full basement and a 2-car garage. The property has a 3,750 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the same neighborhood code as the subject property. The comparables are improved with class 2-11 buildings of masonry exterior construction that range in size from 5,511 to 8,843 square feet of building area and in age from 89 to 91 years old. The

comparables each have a full basement, two of which are finished with either a recreation room or an apartment. The comparables have improvement assessments ranging from \$49,715 to \$70,383 or from \$7.96 to \$9.02 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$22,668 or \$8.49 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$39,165. The subject property has an improvement assessment of \$32,040 or \$12.00 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located in the same neighborhood code as the subject property. The comparables are improved with class 2-11 buildings of masonry exterior construction that range in size from 2,782 to 3,283 square feet of building area and in age from 76 to 95 years old. The comparables each have a full or partial basement, one of which has a recreation room. One comparable has two fireplaces and each comparable has from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$41,382 to \$44,913 or from \$12.65 to \$15.15 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the evidence in the record does not support a reduction in the subject's assessment.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to differences in size from the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are similar to the subject in age, dwelling size and some features. These comparables have improvement assessments of \$41,382 to \$44,913 or from \$12.65 to \$15.15 per square foot of building area. The subject property's improvement assessment of \$32,040 or \$12.00 per square foot of building area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
