

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ryan Mannion  
DOCKET NO.: 18-32050.001-R-1  
PARCEL NO.: 10-32-301-024-0000

The parties of record before the Property Tax Appeal Board are Ryan Mannion, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,234  
**IMPR.:** \$57,728  
**TOTAL:** \$66,962

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 2,624 square feet of living area. The dwelling is approximately 69 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace and a one-car garage. The property has a 6,840 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same neighborhood code as the subject property.<sup>1</sup> The

<sup>1</sup> The appellant submitted two grid analyses. The comparable on the second grid sheet identified as PIN# 10-32-406-012-0000 will be renumbered as comparable #5.

comparables are improved with class 2-06 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,443 to 2,768 square feet of living area and in age from 67 to 94 years old. The comparables each have a full or partial basement, two of which have finished area. Three comparables each have central air conditioning and each comparable has a one-car or a two-car garage. The comparables have improvement assessments that range from \$38,732 to \$46,362 or from \$13.99 to \$17.56 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$42,954 or \$16.37 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$66,962. The subject property has an improvement assessment of \$57,728 or \$22.00 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-06 dwellings of frame or masonry exterior construction ranging in size from 2,358 to 2,533 square feet of living area and in age from 72 to 82 years old. The comparables each have a full or partial basement, one of which has finished area. One comparable has central air conditioning and each comparable has one or two fireplaces and a two-car garage. The comparables have improvement assessments that range from \$52,654 to \$66,153 or from \$22.33 to \$26.40 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided eight suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables #1 and #5 as well as the board of review comparable ##2 due to their older age and/or finished basement area when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are relatively similar to the subject in age, dwelling size and features. These comparables have improvement assessments ranging from \$39,599 to \$66,153 or from \$15.44 to \$26.40 per square foot of living area. The subject's improvement assessment of \$57,728 or \$22.00 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
