

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steve Novick
DOCKET NO.: 18-32054.001-R-1
PARCEL NO.: 13-12-114-056-0000

The parties of record before the Property Tax Appeal Board are Steve Novick, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,500
IMPR.: \$34,720
TOTAL: \$44,220

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,639 square feet of living area. The dwelling is approximately 65 years old. Features of the home include an unfinished partial basement and one fireplace. The property has a 5,000 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-03 dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 1,553 to 1,695 square feet of living area and in age

from 64 to 94 years old. Four comparables each have a full or partial basement, one of which has finished area. One comparable has central air conditioning, one comparable has one fireplace and each comparable has a one-car or a two-car garage. The comparables have improvement assessments that range from \$27,535 to \$32,753 or from \$17.54 to \$19.45 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$29,485 or \$17.99 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$44,220. The subject property has an improvement assessment of \$34,720 or \$21.18 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-03 one-story dwellings of frame or masonry exterior construction ranging in size from 1,248 to 1,742 square feet of living area and are each 64 years old. One comparable has a concrete slab foundation and three comparables each have a full basement, two of which have finished area. Two comparables each have central air conditioning, one comparable has one fireplace and two comparables have either a one-car or a two-car garage. The comparables have improvement assessments that range from \$28,087 to \$37,720 or from \$21.43 to \$23.12 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided nine suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables #1 and #3 as well the board of review comparables #1 and #4 due to their lack of basement foundations, older age and/or smaller dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' five remaining comparables which are relatively similar to the subject in age, dwelling size and some features. These comparables have improvement assessments ranging from \$28,852 to \$37,720 or from \$17.66 to \$23.12 per square foot of living area. The subject's improvement assessment of \$34,720 or \$21.18 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
