

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bill Illion
DOCKET NO.: 18-32068.001-R-1
PARCEL NO.: 13-26-420-029-0000

The parties of record before the Property Tax Appeal Board are Bill Illion, the appellant, by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,520
IMPR.: \$39,017
TOTAL: \$47,537

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame and masonry exterior construction with 1,946 square feet of living area. The dwelling is approximately 120 years old. Features of the property include an unfinished full basement and a 1-car garage. The property has a 5,325 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of the assessment inequity argument, the appellant submitted a total of ten comparables, which included two grid analyses of five equity comparables and supplemental computer printouts of another five comparables. The comparables are located within the same neighborhood code as the subject. The supplemental comparables were numbered #6 through

#10 in the order which they were presented in the appellant's submission. The comparables are improved with 1-story or 1.5-story class 2-03 or class 2-04 dwellings of frame, masonry or stucco exterior construction that range in size from 1,104 to 1,974 square feet of living area and in age from 93 to 115 years old. The appellant's attorney did not provide basement characteristics for the comparables #1 through #5. Comparables #6 through #10 each have a full basement, two of which have finished area. Three comparables each have central air conditioning. Seven comparables each have from a 1-car to a 2.5-car garage. The comparables have improvement assessments that range from \$16,705 to \$31,941 or from \$14.68 to \$16.18 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$30,863 or \$15.86 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$47,537. The subject property has an improvement assessment of \$39,017 or \$20.05 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with 1.5-story class 2-04 dwellings of frame or frame and masonry exterior construction that range in size from 1,877 to 2,155 square feet of living area and that are either 108 or 120 years old. The comparables each have a full basement, one of which has finished area. Each comparable has central air conditioning and a 1-car or a 2-car garage. One comparable has one fireplace. The comparables have improvement assessments that range from \$44,973 to \$54,139 or from \$23.96 to \$25.12 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted thirteen suggested comparables to the Board for consideration. The Board gives less weight to the appellant's comparables #1 through #5, #7, #8 and #9 as well as the board of review comparable #3 due to their smaller dwelling sizes, finished basements and/or lack of garages when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in age, dwelling size and features. These comparables have improvement assessments ranging from \$22,255 to \$54,139 or from \$12.00 to \$25.12 per square foot of living area. The subject's improvement assessment of \$39,017 or \$20.05 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's

improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
