

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dwelleivate, LLC Series 1
DOCKET NO.: 18-32083.001-R-1 through 18-32083.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Dwelleivate, LLC Series 1, the appellant(s), by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
18-32083.001-R-1	13-09-314-011-0000	4,531	0	\$4,531
18-32083.002-R-1	13-09-314-012-0000	9,062	35,047	\$44,109

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 122-year-old, two-story, multi-family dwelling of frame construction with 2,861 square feet of living area. Features of the building include four full bathrooms, a full apartment basement, and a two-car garage. The property is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on May 5, 2017, for a price of \$539,000, or \$188.40 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment. The appellant also contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five suggested equity comparables. They were improved with either a

one-and-a-half story or a two-story, multi-family dwelling of masonry or frame construction. Based on this evidence, the appellant requested a reduction in the subject's total assessment, including land, to \$43,290. The appellant also submitted the board of review's decision letter disclosing the total assessment for the subject, including both PINs, of \$48,640.

The board of review disclosed the subject's current total assessment of \$48,640, which reflects a market value of \$486,400, or \$170.01 per square foot of living area, including land, when using the 2018 level of assessment for Cook County of 10%. The subject's improvement assessment is \$35,047, or \$12.25 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on eight comparable properties and included recent sale information for six of them. The board also included the subject property in its grid analysis reflecting the property was sold on May 9, 2017, for \$539,000.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1, #2, #3, and #4. These comparables are located on the subject's block and had improvement assessments that ranged from \$12.35 to \$13.54 per square foot of living area. The subject's improvement assessment of \$12.25 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Both parties submitted evidence that the subject sold in May 2017 for a price of \$539,000. The Board finds the purchase price is above the market value reflected by the assessment. Accordingly, the Board finds the appellant did not meet the burden of demonstrating by a preponderance of the evidence that the subject is over assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
