

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kevin Quon
DOCKET NO.: 18-33018.001-R-1 through 18-33018.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Kevin Quon, the appellant(s), by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
18-33018.001-R-1	13-24-323-018-1002	3,138	42,788	\$45,926
18-33018.002-R-1	13-24-323-018-1007	250	3,814	\$4,064

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a condominium unit and parking space within a four-year-old, multi-story, six-unit/six parking space condominium building. The property is located in Chicago, Jefferson Township, Cook County and is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of the overvaluation argument, the appellant submitted a copy of the master statement evidencing the sale of the subject on February 17, 2017 for \$499,900.

The board of review submitted a condominium analysis. The subject's assessment is \$54,972. The subject's assessment reflects a market value of \$549,720 when using the level of assessment

for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted the sales of all the units and parking spaces within the building from 2016 and 2017 for a total value of \$2,801,306 for the subject's building. The board of review list the sale of the subject in February 2017 for \$499,900.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the purchase of the subject property in February 2017 for a price of \$499,900. The appellant submitted evidence of the sale of the subject. The board of review did not challenge the sale or the arm's-length nature of the transaction and, in fact, included the sale of the subject in its evidence. Based on this record the Board finds the subject property had a market value of \$499,900 as of the lien date. Since market value has been determined, the level of assessment of 10% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance shall apply and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
