

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peter Chlimon
DOCKET NO.: 18-33247.001-R-1
PARCEL NO.: 13-03-223-002-0000

The parties of record before the Property Tax Appeal Board are Peter Chlimon, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 5,524
IMPR.: \$52,295
TOTAL: \$57,819

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 2,344 square feet of living area. The dwelling is 10 years old. The property has a 4,092 square foot site and is located in Jefferson Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of the equity argument, the appellant submitted information on four equity comparables. They ranged in improvement assessment per square foot from \$18.24 to \$19.98.

The appellant also provided a written narrative addressing: errors in the subject's property description; the subject's assessment history; financial distress; and a summary of four recent sales in the subject's neighborhood.

The board of review submitted its "Board of Review-Notes on Appeal" disclosing the total assessment for the subject of \$57,819. The subject property has an improvement assessment of \$52,295, or \$22.31 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, all of which were located within two blocks of the subject property. They ranged in improvement assessment per square foot from \$22.97 to \$24.48. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

Initially, the Board notes the proper venue to correct property characteristics is the Cook County Assessor's Office through a field check of the property. Although the appellant did not state overvaluation as a basis of appeal, the appellant provided sale data for four suggested comparables. They ranged in sale price per square foot, including land, from \$201.50 to \$250.56. The subject's current market value of \$246.67 falls within the range of the appellant's four comparables. Accordingly, no reduction is warranted based on this evidence.

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #3 and #4, as well as the board of review's comparables #1 through #4. These comparables are most similar in location, size, and age to the subject property. These comparables had improvement assessments that ranged from \$18.24 to \$24.48 per square foot of living area. The subject's assessment of \$22.31 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed, and a reduction in the subject's assessment is not justified on this basis.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
