

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pavel Zarubin
DOCKET NO.: 18-33437.001-R-1
PARCEL NO.: 13-35-119-013-0000

The parties of record before the Property Tax Appeal Board are Pavel Zarubin, the appellant(s), by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,697
IMPR.: \$25,311
TOTAL: \$29,008

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2,550 square foot parcel of land improved with a 109-year-old, two-story, frame, multi-family dwelling containing 1,872 square feet of building area. The property is located in Chicago, Jefferson Township, Cook County and is a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation and equity. In support of the overvaluation argument, the appellant submitted copies of the master statement and sales contract which disclosed that the subject property was purchased on April 17, 2018 for a price of \$175,000 or \$93.48 per square foot of building area.

In support of the equity argument, the appellant submitted five comparables. The comparables are described as two-story, masonry or frame or frame and masonry, multi-family dwellings.

They range: in age from 104 to 120 years; in size from 1,808 to 1,896 square feet of building area; and in improvement assessment from \$7.52 to \$9.30 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,008 which reflects a market value of \$290,080 or \$154.96 per square foot of building area when using the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted a supplemental brief asserting that the subject property was purchased out of foreclosure and sold to the appellant for a value that was not reflective of the market. To support this, the board of review included a copy of the recorder of deeds printout showing the buyer was issued a special warranty deed.

In addition, the board of review included data on four sales comparables. These comparables are described as two-story, masonry or frame, multi-family dwellings. They range in age from 105 to 125 years and in size from 1,663 to 1,806 per square foot of building area. They sold from August to November 2018 for prices ranging from \$163.36 to \$326.45 per square foot of building area.

The board of review also submitted four equity comparables. These comparables are described as two-story, frame, multi-family dwellings. They are 118-year-old, contain from 1,518 to 1,976 per square foot of building area, and have improvement assessment from \$14.09 to \$15.12 per square foot of building area.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

In addressing the appellant's market value argument, the Board finds, based on the appellant's evidence and the board of review's brief and supporting evidence, that the sale of the subject in April 2018 was a "compulsory sale." A "compulsory sale" is defined as

- (i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Board of Educ. of Meridian Community Unit School Dist. No. 223 v. Illinois Property Tax Appeal Board, 961 N.E.2d 794, 802, 356 Ill.Dec. 405, 413 (2d Dist. 2011) (citing Chrysler Corp. v. Illinois Property Tax Appeal Board, 69 Ill.App.3d 207, 211, 387 N.E.2d 351 (2d Dist. 1979)).

However, the Illinois General Assembly recently provided very clear guidance for the Board with regards to compulsory sales. Section 16-183 of the Illinois Property Tax Code states as follows:

The Property Tax Appeal Board shall consider compulsory sales of comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the taxpayer.

35 ILCS 200/16-183. Therefore, the Board is statutorily required to consider compulsory sales of comparable properties.

In the instant case, the Board finds that only the board of review presented four sale comparables. The Board finds these comparables similar to the subject. These comparables sold from August to November 2018 for prices ranging from \$162.36 and \$326.45 per square foot of building area. In comparison, the subject sold for \$93.48 per square foot of building area which is below the range of comparables. Therefore, the Board finds the subject's sale is not reflective of the market. In comparison, the subject's current assessment reflects a market value of \$154.96 per square foot of building area which is only slightly below the range of comparables. Therefore, the Board finds the appellant has not proven by a preponderance of the evidence that the subject is overvalued and a reduction in the assessment is not justified.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds the best evidence of assessment equity to be the board of review's comparables. These comparables had improvement assessments ranging from \$14.09 to \$15.12 per square foot of building area. The remaining comparables were given less weight due to differences in construction and/or location. In comparison the subject's improvement assessment of \$13.52 per square foot of building area is below the range of the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence

that the subject's improvement was inequitably assessed and a reduction in the subject's improvements is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
