

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Meenakshi Jha
DOCKET NO.: 18-34138.001-R-1
PARCEL NO.: 03-11-208-001-0000

The parties of record before the Property Tax Appeal Board are Meenakshi Jha, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,675
IMPR.: \$20,007
TOTAL: \$23,682

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame and masonry exterior construction with 1,950 square feet of living area. The dwelling is approximately 56 years old. Features of the home include a crawl space foundation, central air conditioning and a 2.5-car garage. The property has a 7,350 square foot site and is located in Wheeling, Wheeling Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-04 dwellings of frame or frame and masonry exterior construction ranging in size from 1,926 to 2,694 square feet of living area. The dwellings range

in age from 45 to 67 years old. Two comparables each have a crawl space foundation and one comparable has an unfinished partial basement. Each comparable has central air conditioning and a 2-car garage. The comparables have improvement assessments that range from \$12,647 to \$20,401 and from \$6.57 to \$10.09 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$15,152 or \$7.77 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,682. The subject property has an improvement assessment of \$20,007 or \$10.26 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-04 dwellings of frame or frame and masonry exterior construction ranging in size from 1,842 to 2,119 square feet of living area. The dwellings range in age from 55 to 57 years old. Three comparables each have a crawl space foundation and one comparable has an unfinished partial basement. Three comparables each have central air conditioning, two comparables each have one fireplace and three comparables each have a 2-car garage. The comparables have improvement assessments that range from \$20,681 to \$24,270 or from \$11.23 to \$12.56 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided seven suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to appellant's comparables and the board of review comparable #4 due to their basement foundations and/or older ages when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #1, #2 and #3 which are similar to the subject in dwelling size, age and features. These comparables have improvement assessments of \$22,701 to \$24,270 and either \$11.45 or \$12.56 per square foot of living area. The subject's improvement assessment of \$20,007 or \$10.26 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
