

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steve Dimiropoulos  
DOCKET NO.: 18-34140.001-R-1  
PARCEL NO.: 03-25-209-019-0000

The parties of record before the Property Tax Appeal Board are Steve Dimiropoulos, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,200  
**IMPR.:** \$25,126  
**TOTAL:** \$30,326

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,478 square feet of living area. The dwelling is approximately 33 years old. Features of the home include a partial basement with finished area, central air conditioning, one fireplace and a two-car garage. The property has a 9,455 square foot site located in Mount Prospect, Wheeling Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-34 dwellings of frame and masonry exterior construction ranging in size from 1,627 to 2,040 square feet of living area. The dwellings range in age from

52 to 54 years old. Each comparable has a partial basement with finished area, central air conditioning and a two-car garage. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$25,713 to \$31,967 or either \$15.67 or \$15.80 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$23,308 or \$15.77 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$30,326. The subject property has an improvement assessment of \$25,126 or \$17.00 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with multi-level class 2-34 dwellings of frame or frame and masonry exterior construction with either 1,170 or 1,236 square feet of living area. The dwellings are each 55 years old. Each comparable has a partial basement with finished area, central air conditioning and a one-car or a two-car garage. One comparable has one fireplace. The comparables have improvement assessments ranging from \$21,259 to \$21,441 or from \$17.20 to \$18.33 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 and the board of review comparables #1 and #4 due to their dissimilar dwelling sizes when compared to the subject.

The Board finds the remaining comparables are relatively similar to the subject in dwelling size, design, and features; however, all of the dwellings are considerably older than the subject dwelling. Nevertheless, the comparables have improvement assessments ranging from \$21,259 to \$26,655 or from \$15.80 to \$17.27 per square foot of living area. The subject's improvement assessment of \$25,126 or \$17.00 per square foot of living area falls within the range established by the best comparables in this record and appears to be well supported given its considerably newer age. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
