

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shirley Stokes  
DOCKET NO.: 18-34148.001-R-1  
PARCEL NO.: 03-02-101-007-0000

The parties of record before the Property Tax Appeal Board are Shirley Stokes, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,993  
**IMPR.:** \$16,271  
**TOTAL:** \$20,264

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame exterior construction with 1,228 square feet of living area. The dwelling is approximately 30 years old. Features of the home include a crawl space foundation and a 2-car garage. The property has a 7,986 square foot site and is located in Wheeling, Wheeling Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of frame exterior construction that range in size from 1,084 to 1,633 square feet of living area. The dwellings range in age from 52 to 67 years old. One comparable has a crawl space foundation and three comparables each have a full or partial basement, one of which has finished area. Three comparables each have central air conditioning,

two comparables each have one fireplace and each comparable has a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$11,404 to \$15,714 or from \$8.81 to \$10.52 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$11,912 or \$9.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,264. The subject property has an improvement assessment of \$16,271 or \$13.25 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story class 2-03 dwellings of frame exterior construction with either 1,072 or 1,140 square feet of living area. The dwellings are either 30 or 36 years old. One comparable has a crawl space foundation and three comparables each have an unfinished full basement. One comparable has central air conditioning. Each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$17,527 to \$20,277 or from \$16.35 to \$18.92 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables due to their older ages when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are relatively similar to the subject in age, dwelling size and features. The Board gives most weight to comparable #3 which lacks a basement foundation like the subject and is also identical in age. These comparables have improvement assessments ranging from \$17,527 to \$20,277 or from \$16.35 to \$18.92 per square foot of living area. The subject's improvement assessment of \$16,271 or \$13.25 per square foot of living area falls below the range established by the best comparables in this record and below the comparable given most weight which further supports the assessment. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant failed to prove by clear and convincing evidence that a reduction in the subject's assessment was justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
