

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Ryan
DOCKET NO.: 18-34151.001-R-1
PARCEL NO.: 27-02-213-004-0000

The parties of record before the Property Tax Appeal Board are Michael Ryan, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,250
IMPR.: \$48,211
TOTAL: \$56,461

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 3,700 square feet of living area. The dwelling is approximately 16 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace and a 3-car garage. The property has a 15,000 square foot site and is located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-04 dwellings of masonry or frame and masonry exterior construction ranging in size from 3,414 to 4,367 square feet of living area. The dwellings are

either 25 or 27 years old. One comparable has a concrete slab foundation and two comparables each have a full basement, one of which has finished area. Each comparable has central air conditioning, one fireplace and a 3-car or a 3.5-car garage. The comparables have improvement assessments that range from \$38,318 to \$49,874 or from \$10.89 to \$11.42 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$41,366 or \$11.18 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$56,461. The subject property has an improvement assessment of \$48,211 or \$13.03 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the same neighborhood code as the subject property. The comparables are improved with two, 1-story and one, 1.5-story class 2-04 dwellings of masonry exterior construction ranging in size from 3,392 to 3,536 square feet of living area. The dwellings are each 16 years old. One comparable has a crawl space foundation and two comparables each have an unfinished full basement. Each comparable has central air conditioning, one fireplace and a 3-car garage. The comparables have improvement assessments that range from \$44,333 to \$48,733 or from \$13.07 to \$14.14 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided six suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables and the board of review comparable #3 due to their finished basement area, older ages and/or lack of basements when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #1 and #2 which are similar to the subject in age, dwelling size and features. The comparables have improvement assessments of \$48,472 and \$48,733 or \$14.14 and \$13.78 per square foot of living area, respectively. The subject's improvement assessment of \$48,211 or \$13.03 per square foot of living area falls below the assessments of the two best comparables in this record. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
